Ellendim The Elder God Dies The Reality of The Elder Gods\* was the unavoidable world, born in the chaos of a ruined earth, and the survivors of this world are given life by the powers that are only dreamt of by the Elden Lords. There exist the Magic Wand, in which humans are given the power to fashion themselves into a shining knight. The Divine Bow, the strong arm of humans and is the most versatile of weapons. The Mask Of The Saints, which embodies the forgotten power of the Gods. The Weapon Crystal of The Mage, which grants limitless energy to the wielder as well as the power of magic. Although the Weapons are the tools of the Elden Lords, there exist many who have lost their way and become enemy of the Elden Lords. There also exist those who are weak and who live on, fleeing far, searching for a new beginning. In every corner of the world an Elden Lord has his ultimate weapon. At last, a dark lord named Ith grows discontent with the life of the Elder God. The Elden Lords regroup and forcibly take the weapon of the Elder God, the Coronam Ith, the heart of the Elder God. However, they could not destroy Ith. Thus, to appease his evil spirit, the Elden Lords erect the Edron Gate, to separate the world between reality and dreams. There, both the Elden Lords and the enemies of the Elder God endlessly wait for the day they can reunite once again. HISTORY On the 11th day of the 11th month in the 11th year, a strange boy falls from the sky and upon landing, a strange object falls out from the boy's hand. Among the many who witnessed it was a nobleman, an envoy from the lands of Edron. Not long after, rumor of a boy falling from the sky spread quickly and the nobles and the commoners of the land hurriedly gathered and assembled. The nobleman expressed surprise at this incident and asked what a boy and an object fell from the sky. The boy, knowing that his words would serve as no comfort, said that he was sent from the lands of Edron in order to spread the word of peace and to bring an object of great value. What is this object? The nobleman asked. The boy said that it was the Coronam Ith, the Divine Coronam, the heart of the Elder God. No one knew how an object that is an instrument of the Elder

**The poor survival rate among patients treated with whole brain radiation and the more toxic radiosurgery are now well recognized. Recent limited clinical and experimental studies show the potential of concomitant temozolomide (TMZ) for patients with newly diagnosed glioma. We tested the ability of nitrosourea TMZ in a biologically driven therapy of malignant glioma. Sixteen patients with primary high-grade glioma of the brain were treated with weekly TMZ and radiosurgery by Helical Tomotherapy. Treatment was well tolerated and no drug dose limiting toxicity was seen. Seven of 16 (44%) patients had MRI-controls showing increased tumor volumes. Only one patient is alive with no evidence of disease. We found that of the total number of tumor cells, 6.6% to 65% have an immediate cell cycle effect causing cell death by apoptosis. Thus, even with TMZ-radiotherapy, which is not cell cycle specific, we found an initial bystander effect causing high-grade glioma cell death in >50% of cases. TMZ is an important active agent in patients' treatment**

**with GBM. Patients with poor prognosis had increased overall survival (OS) and progression free survival (PFS). The increase of OS and PFS in patients with poor prognostic factors was significant. TMZ plus radiotherapy was more effective than radiotherapy alone in patients with good prognosis. TMZ is well tolerated. TMZ is a highly active agent in patients with good prognostic factors. TMZ alone is a treatment of good palliation for patients with brain tumors (radiotherapy is insufficient) or any glioma,**
