Your cooking skills are to valuable in space! As a hot-platter chef you are responsible for the health of customers who come to eat. The very first customers liked all the food so well and seemed so satisfied, that you've been promoted to the hot-plates! The apartment kitchen is not enough for dealing with restaurant guests, who like their food freshly prepared! The chef needs your expertise to make the best of it! Your tools are the most important things to master, but you'll also need to know how to utilize them. And the food that you prepare, needs to be the healthiest for the customers. But for that you have to invest in a solid environment for your kitchen. Use your current facilities to their best and get to expand the kitchen! Hot Plates is a game with a focus on cooking and food, which is the reason why it is using full screen to ensure that you get the impression of being in a kitchen! Key Features: • Bring your kitchen to a restaurant and become the best of the Hot-Platters • Use all ingredients carefully to feed the guests a delicious meal • Get to know all alien-races • Keep the health of the diners alive by serving the right cuisine • Enjoy an interactive game-play • Variety of recipes, playtime and scenarios • Highly challenging, hard to master cooking challenges • Numerous player achievements • Full control of time, ingredients and money • Immerse yourself in the fun universe of Hot Plates Discover the future world of cooking! The chef of the Hot Plates space-restaurant needs to know all about management and how to satisfy his customers personal taste. Organize your kitchen and earn prestige in space. This way more different customers will enjoy your cooking and help you rise to be the best cook in the galaxy. Hot Plates offers swift gameplay, which rocks the world of creating foods. There is a key to all challenges. The customer likes spicy foods? No Problem! The meats are too chewy? We're up to change that! No matter which race, there is something for whoever may come! There is lots of equipment to discover for an eager cook who is willing to satisfy all customers wishes. The happier the guests, the more money to earn. The hard earned credits make it possible to buy ingredients or machines for the upcoming days. Only the best of 'em all will be able to open the restaurant for the most supreme races in space. Only with
