Wondershare Video Converter Ultimate 10.3.0.178 + Crack [CracksNow1]1, 20, 0, Jul.,139, 2, 27), //url(" + //Your icon string here }) } Here's the result: The size and location of the icons are completely up to you, you can change everything! I used an emitter to create the scrolling effect. You can download it from here: So now your button has the heart icon and its url is twitter.com. The heart icon doesn't matter that much because I will use Twitter's share code to load it into the content. But the url is important because we'll use a custom track that says "Tweet". #1 % if @post.tweetable? : twitter_comment = link_to tweet_url(@post), :track => "Tweet", :text => content_tag(:i, "thumbsup", class: "share-image") % endif #2 % if @post.tweetable? : twitter_comment = link_to tweet_url(@post), :track => "Tweet", :text => content_tag(:i, "thumbsup", class: "share-image") % if @post.tweetable? end Note that TweetUrl, TweetText, and TweetIcon are new classes that I added to sharekit. So the above has a link to 's twitter share link, and the twitter icon - it's a heart. The icon defaults to "thumbsup", but you can change it. We can also use the twitter share code, it's a native twit. The only thing you have to do is add the class.twitter to your anchor. The only place I use TweetText and TweetIcon is on d0c515b9f4

Semen samples collected from a total of 1006 bulls from various geographical locations were analysed for the expression of bovine seminal protein (BSP). Of these, 329 were from tropical and subtropical climates and 677 from temperate climates. The mean BSP concentration in the ejaculates of the bulls from the tropical and subtropical regions was significantly higher than that of the samples from temperate areas (P 0.05).You've got to be fast with dough and the right kind of mixing tools. It's surprisingly easy to knock over a batch of pizza dough as it cools in the kitchen. It can take a couple of minutes to get the yeast activated. This is a video tutorial on using tools like a wooden spoon and plastic zip-top bag to quickly keep the dough smooth and rounded while you make your first crust. The best thing to do is fold the dough over itself so you can hold it in the center, or use an electric mixer to keep it from falling over. It will need to rest after you make the crust.Q: SELECT all my orders from my table in PHP I have a table which contains 'id',
