What's New in the?

Easy ScreenSaver Station is a lightweight Windows application built specifically for helping users design screensavers and edit the existing ones. It comes packed with many dedicated parameters but its intuitive interface makes it easy to configure them. Plus, it offers support for a step-by-step

approach, so even rookies can master the entire process with minimum effort. A new screensaver can be created by specifying the name and a short description, selecting the background color or uploading an image from the computer (JPG, PNG, BMP), and setting the opacity level. Additionally, you can make the utility ignore mouse movements, show the mouse cursor, and allow keyboard shortcuts. What's more, the program gives you the possibility to add multiple photos using the "drag and drop" support, insert Flash files, preview the images and SWF items into the primary panel, as well as insert transitions and adjust their speed and delay time. !Easy ScreenSaver Station enables you to specify the image delay, add background music (e.g. MID, WAV, WMA, MP3), protect the screensavers by setting up passwords, include copyright information (author name, email address, URL), embed a license agreement, as well as preview the screensavers. You can attach logos by adding pictures, arrange the items' order by moving them up or down, and add scanned photos via TWAIN devices. When it comes to editing images, you are allowed to rotate, crop, or resize them, adjust the levels of RGB, contrast, saturation, and lightness, apply greyscale effects, and print or set the selected image as your wallpaper. Last but not least, !Easy ScreenSaver Station lets you upload screensavers for editing them, export the created one to SCR, EXE, or SSD file format, and send the screensaver via your default email client. During our testing we have noticed that the tool provides very good output results without putting a lot of stress on system resources. All in all, !Easy ScreenSaver Station offers a decent feature pack for helping you create screensaver, and meets the requirements of all types of users, regardless of their experience level. !Easy ScreenSaver Station
